Value Added

IBOCO consistently and accurately meets the needs of panel builders, supporting them with industry leading technical expertise focused on wire duct and din rail applications.

IBOCO has been an industry leader in the supply of integrated panel management systems and related products for over thirty years.

We can modify and customize our wire duct and DIN rails for both IBOCO and Hager products.

For orders from 10 to 10,000 pieces we can customize wire duct lengths, fingers, hole patterns to match your back plate, and attach adhesive strips. Also all styles of DIN Rail may be cut, drilled and packaged to your specifications.

Our design engineers will work directly with you to ensure the correct product is delivered. We'll provide customized samples to your complete satisfaction, maintain stock, put together complete kits with custom labeling to your cartons.

Shipments of your customized product can be received in less than two weeks once the final design is approved.

All of this will save you time, money, reduce scrap, and help eliminate injuries.

Customization

IBOCO can customize wire duct lengths, fingers, hole patterns to match your back plate, and attach adhesive strips. Also all styles of DIN Rail may be cut, drilled and packaged to your specifications.

The benefits of our customized products:

- Elimination of excess waste for your business
- Frees you to focus your attention to other areas of your business
- Frees up your employees to attend to their jobs
- Reduction of cost for garbage removal
- Removes the risk of employee injury
- Increases efficiency of the business
- Speeds up installation
